## Discovery Forget-Me-Not Photo Album

An adorable butterfly shaped album that not only holds eight pictures of baby's loved ones, but also allows family and friends to record a message to accompany their photo. Baby can look at the pictures while listening to their voices, keeping everybody close to heart even if they live far away.

The cute photo album is incredibly tactile, with crinkly page tabs, a mirror on the front and soft rubber antennae on the butterfly, all appealing to young babies' inquisitive fingers. The album also doubles as a picture frame, making it a perfect accessory for baby's bedroom.

**Suitable from: 6 months +**

## Discovery Dome Deluxe

A colourful and highly interactive playhouse packed with fun, developmental activities for toddlers to discover. Each of the four walls has been designed to develop manual dexterity and introduce colours, shapes and numbers.

Toddlers can ring the bell to announce their arrival or pop a ball in the Moving Cup Wall and watch it falling down, moving from cup to cup, inside and out. The balls can also be posted through the Ball Pocket Wall into a locked holder. A set of colour coded and shaped sorting keys unlocks the balls, ready for another adventure around the Helter Skelter Ball Wall. The rattling noise the balls make as they whiz along is bound to delight.

The Discovery Dome Deluxe has four big 'paw' feet for stability and a mesh viewing window on the roof, so parents can easily peek inside.
