

Teletubbies™

Dance with Me Teletubby

Little ones will love dancing along with the most realistic Teletubbies ever seen. Dance with Me Teletubby dances to an upbeat version of the Teletubby theme tune whilst blinking and giggling, to the immense delight of young fans.

In 'Musical Statues' mode the Teletubby stops dancing at random intervals so children can play along and copy moves, never knowing what to expect next. The lovable Teletubbies also make a 'parp' sound when knocked over and a 'whee' sound when picked up again.

All four Teletubbies are available, so little ones can choose to dance with their favourite friend. It's a lovely gift that's bound to bring lots of fun and laughter.

Hide-Inside Teletubbies

The Teletubbies take on Russian Dolls. Babies and toddlers will love to open and unveil the fun and colourful Teletubbies hidden inside each other. Each Teletubby can also be assembled on its own so children can have lots of fun playing with them individually or hiding the Teletubbies inside each other.

Hide-Inside Teletubbies also have tactile features to be explored by little hands such as super soft feet, tummies and antennae. Po also has a weeble feature, so little ones can push him and watch him wobble from side to side causing much fascination.
