Cella Fashion

Cella Fashion

This season's must-have for young fashion aficionados dreaming of one day designing their own creations for the world's leading fashion houses. With Cella Fashion it's your job to dress three funky fashion divas, Chloe, Hannah and Melody! They love to dress up in the latest styles and model their outfits on the catwalk!

Choose from a fabulous range of pre-printed designs for each diva and simply cut out and run them through the Cella sticker machine to build their fashion collections! Finish off that perfect outfit combination with earrings, bags and sunglasses from the accessories sheet.

Girls can get even more creative by making their own designs and giving Chloe and her friends a whole new look with the stencils and patterned fabric sheets provided. Girls can even use materials from around the house such as wrapping paper to dress their divas! Designs and funky looks can be stored in a beautiful wardrobe which is included with Cella Fashion, so you can peel off and use them again whenever the occasion demands!

TOMY has launched a dedicated website for Cella Fashion (www.mycella.eu) with lots more design ideas to download and create with friends.

Available from: Argos and leading toy retailers
Recommended retail price: £19.99
Suitable from: 6 years +
